I am very excited to be starting a new season. So many new and exciting program changes this year. Skate Canada is launching the full new Canskate Program this season, and also the STAR 1-5 starskate program.

The Kenora club believes strongly in team work, and we have a great group of coaches. I am looking forward to working with my team mates Sandra Ferrara-Bond who is back full time with the club this year and we have Lauren Mack who has completed her full Canskate Certification. We are looking forward to training a new Canskate Coach this month and will make that announcement next month.

With the success of our Canskate program last season we have a very large membership this winter. I am making changes daily to the groups and the program so that I may bring to you the best possible skating experience for your child. I thank you all for your

patience as well as your feedback. It is important that we understand what our customers are happy with and areas that we may need improving.

Please let me know your feedback on our program positive and constructive feedback is all important to us.

Just a few reminders; The arena is a public place and we ask that you remain at the rink or appoint another parent in case your child must leave the ice to go to the washroom, etc. We do not want your child leaving the ice without someone being there with them.

We will be having special days throughout the year, with our first one being our Halloween Party. We will be having our Halloween party on Tuesday Oct. 28 and Thursday Oct. 30. Skaters may dress in costumes but **SAFETY FIRST**. Please make sure that they are able to skate in their costume, no long dresses etc.

To our Starskaters; Please check the webpage at www.skatinginkenora.com for all of our test dates and competition dates. I will post reminders of deadline dates for competitions on this page. We are in for a busy year and the start of some new and exciting programs.

STAR 1: Anyone is who is looking to purchase a club jacket please talk to one of our executive members or send an e-mail to the club for information.

FUNDRAISING;
